

# IKARUS 258 tip.

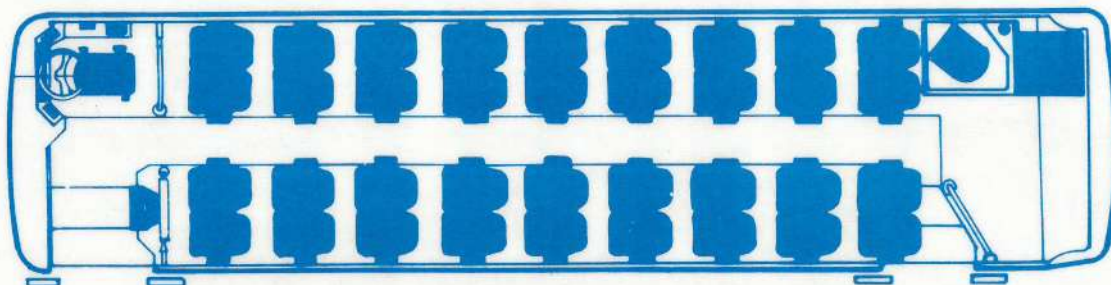

Ikarusbusclub.Ru

Tropical type, long-distance luxury bus. The Thermo King SD1 air-condition unit makes it possible to have a pleasant travel even under high outside temperature. The large and tinted windows protect against intense sunshine and provide good visibility. Lavatory with chemical toilet and built-in fridge give high comfort to passengers.

Having been time tested under tropical conditions, the mechanical units provide reliable running period for the operator.
